**RALLY!**

**@ the Hamilton Animal Control**

(located behind the Hamilton-Burlington SPCA) at 245 Dartnall Road, Hamilton ON L8W 3V9

**Did you know:** that the Hamilton Animal Control **does not** allow public adoptions?

**Did you know:** that the H/B SPCA **does not** actually take many animals from the HAC, and that most are killed?

**Did you know:** that taking your cat to the HAC is tantamount to giving your cat a death sentence?

*Nayla was put down on 05-17-2011 at the HAC after suffering for an entire week in a metal cage with URI and a broken jaw.*

**A compassionate community's ongoing quest to turn a High-Kill Pound into a No-Kill Shelter begins again on:**

**SATURDAY, JUNE 25th, 2011**

**between 1:30PM - 4:30PM**

**RALLY on behalf of the thousands of healthy and treatable animals without voices killed every year at the HAC.**
